Christmas Gift Box

Our Story

Welcome to Bloom, our signature restaurant, where refined dining comes alive in a space that delights all the senses. Designed for both the aesthetes and epicureans, Bloom combines sophistication with genuine warmth, offering an experience that is elegant yet unpretentious.

With Executive Chef Sebastian Smith and his team at the helm, our menu is seasonally inspired and rooted in a local philosophy that celebrates the exceptional quality of South African produce. Each dish tells a story of our diverse culinary heritage, inviting you to explore flavours from across the country without leaving our beautiful hotel.

Sustainability is at the heart of what we do. We source ingredients responsibly, prioritising small-scale farmers and artisans to ensure authenticity and depth in every dish. As the seasons change, so does our menu, reflecting the rhythms of the land and offering a dining experience that evolves with nature.

At Bloom, South African cuisine truly blossoms: vibrant, layered and expressive. With heartfelt hospitality and a thoughtfully curated wine list, every visit is an immersive journey — a celebration of flavour, creativity and culture that lingers long after your meal.

Our commitment to sustainability is enriched by the expertise of our local partners – Helderberg Organic Garden, Lyndoch Organic Garden, Gideon Milling, Wild Kalahari and Lourensford Trout Farm, whose mindful practices lend depth and integrity to each plate.
