

SPIER

S P A

Our spa is situated in the Cape Floral Kingdom, a region of extraordinary biodiversity. Rooted in ancient plant wisdom and modern skin science, our wellness philosophy draws on the nourishing, antioxidant-rich properties of indigenous botanicals, many grown, harvested and dried on the farm under the care of our resident phytotherapist.

We take a highly individualised approach to well-being, tailoring each treatment to your body's rhythms and your specific emotional and physical needs. Vine Therapy, our range of natural, chemical-free formulas for face and body, combines aromatherapy oils, botanical extracts and medicinal Cape herbal essences to restore balance, slow visible signs of ageing and deeply nourish the skin.

Our signature treatment, the Cape Herbal Bath House Experience, is a private bathing ritual that includes a refining full-body exfoliation, a restorative herbal immersion with rooibos, rose pelargonium, gotu kola and Cape rose, and a full-body River Stone massage with shea butter.

A deeply grounding and restorative journey, time at our spa allows you to reconnect with the rhythms of nature and your body's innate ability to heal.

SIGNATURE EXPERIENCE

Cape Herbal Bath House

3 hours | R4500

The therapeutic properties of Cape Fynbos extracts, hand-harvested organic herbs from our garden, and our exclusive Vine Therapy range harmonise perfectly in our signature Cape Herbal Bath House experience, a three-phased treatment.

Begin with Cleansing

Experience a full-body exfoliation on a warm stone treatment table with our Refining Body Scrub. This treatment gently removes dead skin cells, stimulating circulation and supporting the skin's natural detoxification process. By opening the pores and sloughing away dry, dull skin, we awaken the lymphatic system and enhance the absorption of healing herbs and minerals within the body.

Follow with Herbal Immersion

Once your body has been thoroughly cleansed, you will be immersed in a warm bath and cocooned in a soft linen wrap. Our immersion herbal poultices are handmade by our resident phytotherapist, and contain rooibos, rose pelargonium, gotu kola and Cape rose. Our therapeutic blend assists with calming the nervous system, toning and firming the skin, while building collagen and healing connective tissue. As you drift deeper into relaxation, a pressure-point scalp and neck massage completes this sensory phase.

Seal with a Hydrating Massage

Bring body, mind, and soul into harmony with a full-body River Stone massage, incorporating smooth stones collected from the Eerste River that meanders through our farm, with shea butter used for the ultimate skin renewal and hydration.

Afterwards, enjoy a deliciously wholesome spa lunch, accompanied by a glass of Spier wine or sparkling grape juice.

HEALING TOUCH

Swedish Massage

60 min | R1500

90 min | R1900

A classic full-body massage, using long, flowing strokes to ease muscle tension, improve circulation, and promote deep relaxation. Ideal for reducing stress, enhancing flexibility, and restoring overall balance.

River Stone Massage

60 min | R1650

90 min | R2050

Experience the calming embrace of our hot stone massage to ease muscle inflammation, increase circulation, and melt away stress and anxiety. Warmed stones, handpicked from the Eerste River on the farm, bring grounding energy while fostering mindfulness, balance, and a profound sense of relaxation.

Organic Herbal Massage

60 min | R1500

90 min | R1900

Hand-harvested from our farm's garden, snow-bush bundles are used in rhythmic Swedish strokes, soothing tired, aching muscles and melting away tension. This deeply relaxing treatment enhances flexibility and relieves stiffness. Your therapist will choose the perfect blend of aromatherapy oils to support healing, upliftment, and a restful night's sleep.

Bespoke Massage

60 min | R1500

90 min | R1900

This personalised treatment begins with a reflexology reading of the feet to reveal areas of tension and imbalance in the body. Guided by this insight, your therapist focuses the massage on the areas that need it most, creating a targeted and healing experience unique to you.

Deep Tissue Massage

60 min | R1700

90 min | R2250

Regain suppleness and movement with this effective massage. Specialised massage techniques and expertly blended aromatherapy oils alleviate tension that may be causing you discomfort. Muscular pain is diminished, leaving you feeling stronger and more energised.

Foot Relief Therapy

45 min | R880

Using ancient reflexology techniques combined with the soothing warmth of handpicked river stones from the farm, this treatment works to release tension, improve circulation, and stimulate the body's natural healing response. Ideal for guests suffering from fatigue, burnout, poor sleep, or stress-related tension held in the lower body.

BODY BOTANY

Full-Body Exfoliation With Steam Session

40 min | R820

A full-body exfoliation using our Refining Body Scrub removes dead skin cells, stimulates circulation, and awakens the lymphatic system. Once the skin is prepped and receptive, a private steam session follows.

Full-Body Wrap With Exfoliation and Steam

90 min | R1700

This fynbos-infused treatment begins with a full-body exfoliation, followed by a personalised body wrap to draw out toxins, promote mental clarity, and replenish the body with essential minerals and herbs. Next is a private steam session before having our Vine Therapy Age-Defying Body Balm expertly massaged into the skin.

Muscle Release Scalp and Foot Massage

45 min | R880

A scalp, neck, and shoulder massage ending with feet reflexology. Perfect for those who suffer from mental fatigue, poor sleep, or physical burnout, this treatment brings a renewed sense of clarity, calm, and reconnection to self.

Lymphatic Drainage

40 min | R980

Our lymphatic treatment supports recovery, reduces water retention and swelling, promotes slimming, and encourages deep detoxification. It is paired with a targeted face, neck, and stomach lymph massage.

Infrared Sauna

Add on 20 min | R200

Infrared light waves are used to gently heat the body from the inside out, rather than simply warming the air like a traditional sauna. These light waves penetrate deep into muscles, joints, and tissues, increasing circulation, promoting detoxification, easing muscle and joint pain, and supporting skin health – all at a lower, more comfortable temperature.

Steam Session

Add on 20 min | R200

The moist heat supports respiratory health, aids in detoxification, and improves circulation while opening pores for a thorough skin cleanse. It is an excellent hydrating treatment, and hotter than infrared if you prefer extra heat.

SKIN HEALTH

Recovery Remedy Facial

60 min | R1420

A gentle and natural facial treatment to soothe and calm sensitive skin. This restorative experience heals and rejuvenates, using prebiotics and fynbos extracts to repair and fortify the skin's natural barrier. The result is a balanced, resilient, and healthy glowing complexion.

Luminous Flora Facial

75 min | R1600

This luxurious facial detoxifies your skin, drawing out impurities and replenishing it with vital nutrients. Our facial meridian massage technique promotes oxygen flow, increases blood circulation, and removes trapped lymphatic fluids causing puffiness.

Wildcrafted Signature Facial

90 min | R1870

Start with a back, neck, and shoulder massage to relieve tension in the neck and face before moving onto a natural facial treatment that harnesses the power of vines leaves and fynbos from our herb garden. This unique blend promotes cell regeneration, shields your skin from daily pollutants, and rejuvenates facial muscles. Experience an instant, radiant glow and firmer skin.

Collagen Eye Treatment

Add on | R550

A restorative eye treatment is the perfect add-on to any facial. Hydrate, firm, and plump the delicate under-eye area, reducing the appearance of fine lines and wrinkles while boosting skin elasticity and diminishing puffiness and dark circles.

Targeted Back, Neck and Shoulder Massage

Add on 20 min | R590

Targeting specific back, neck, and shoulder muscles before any facial treatment can have a significant effect on facial muscle release. Choose from gentle, medium, or deep pressure with the added benefit of aromatherapy healing.
